the european psychological society

CERTIFICATE OF PROFESSIONAL CERTIFICATION

Certificate of Advanced Professional Competence

This is to certify that

Philipp Menkat

has demonstrated the advanced academic knowledge, professional competencies, ethical understanding, and specialized expertise required for professional practice in the field of

Applied Forensic Psychology and Legal Studies

This certification attests to the holder's advanced professional competence in applying psychological science, scientific methodologies, and evidence-based practices within forensic and legal contexts. Such competence encompasses specialised forensic psychological evaluations, criminal and behavioural assessments, structured risk assessments, expert consultation, and the preparation of scientifically substantiated psychological opinions and reports for judicial proceedings, in accordance with European Psychological Society Standard EPS-ET-01/24-2.
